

Student: Aidan Sharpe

Lab wrap-up:

Looking at your blood sample results, select all samples that represent a person likely to have been blood doping.

Sample A

Apply what you have learned:

Hemoglobin content is one way to measure which of the following characteristics of the blood?

Oxygen carrying capacity

Collected Lab Data

Blood sample	Positive	Negative	A	B	C
Hemoglobin content (g Hb / 100 mL)	19	14	19.5	15.5	15
